ward Wilder, secretary and treasurer of the Atchison, Topeka & Santa Fe

of the Atchison, Topeka & Santa Fe Railway company, from the necessity and responsibility of attending to the detail work of his offices, the executive committee of the company has appointed Augustus O. Wellman as assistant treasurer of the company and J. Fred Scott as assistant secretary. These appointments were made at a meeting of the executive committee, which was held in New York on November 18, and the regular circulars announcing them have not yet been issued, but will be within the next few days when the appointments will become effective and Mr. Wellman and Mr. Scott will enter on their new responsibilities.

Continued ill heaith on the part of Mr. Wilder is responsible for these appointments. His condition has been such for some months that he has been unable to visit his offices except at rare intervals, and of late he has not been able to leave his home at all, although his present condition is not

the house.

During his long illness, however, Mr. Wilder has managed to keep in touch with the affairs at the office and has attended to much of the work demanding his personal supervision—and there is a lot of this—at his home. But the executive committee has determined that he shall be relieved of as much of this work as possible, so that he will have little or no business affairs to worry over and can concentrate his attention on his health.

In order that he might have personal representatives at the office, who

In their new positions Mr. Wellman will look after the financial safairs of the office and Mr. Scott will devote his attention to those things which come up in the secretarial line. As a mat-ter of fact these appointments will mean no radical change in the work-ings of the office, for since Mr. Wil-der's illness Mr. Wellman and Mr. der's illness Mr. Weilman and Mr.
Scott have been attending to the affairs in the office, but it has been
necessary for Mr. Wilder to pass on
their acts. Now they will have authority to dispose of all routine matters which come before them, and
while Mr. Wilder will continue still to direct the business of the office in a general supervisory way, he will be re-lieved of much responsibility and care. Mr. Wellman has been in the secre-Mr. Wellman has been in the secretary and treasurer's office since 1882. For a year prior to that he was assistent at to Thomas Nickerson, who was then president of the company and had his offices in Boston. Mr. Wellman is a native of Boston, but has made his home in Topeka since coming there in 1882. He has served in almost every position in the secretary and treasurer's office and for a number of years and up to the present time he has held the responsible position of head bookkeoper.

Fe of twenty-seven years' standing. All of this time he has spent in the secretary and treasurar's office, starting in there in 1878. There is hardly a position in the office which he has not filled with credit, and for the last fourteen years he has been connected with the work in the office incident to the duties of secretary. Mr. Scott was born in Philadelphia and before coming to Topeka to work for the Santa Fe, he spent some time there in the mercantile business.
